Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

One of the evidence relied upon is the book: "The Design of the UNIX Operating System", by Maurice U. Bach, published by Prentice Hall Software Series, 1990. In the Examiner's Answer, however, Examiner only refers to the figure 2.1: "Block Diagram of the System Kernel". Therefore, the figure 2.1, which is on page 20 in the book, is provided with the Examiner's Answer.
